

Eliminator Fitting Guide

Below are goggles we know the Eliminator will fit into. Some are quite easy to fit and others may require extra effort. If this is the case, we have provided tips.

This list is not complete. It is just goggles we have experience with to date. As we continue to find Eliminator compliant models, we will add them to the list.

Oakley®

- Crowbar
- O-Frame single lens
- O-Frame double lens (*Remove lens first, install Eliminator, re-install lens*)
- L-Frame
- Proven
- A-Frame (*Will not fit. Interference with design elements on top of goggle*)

Spy®

- Alloy
- Targa

Fox®

- Main

Scott®

- 80's
- Voltage X
- Storm OTG

Marker®

- Striker

Bolle®

- Chrono (Old Style) (*Remove lens first, install Eliminator, re-install lens*)
- Chrono Swat
- Futur
- Skullet (*Remove lens first, install Eliminator, re-install lens*)

Smith®

- Caribo
- Knowledge
- Io (*will not fit*)
- Phenom (*Must offset left or right of center*)
- Scope

Thor®

- Hero
- Enemy
- Bomber
